For Ohio Prescribers: To lawfully possess and distribute drug samples, Ohio law requires that prescribers or their practices hold a valid Terminal Distributor of Dangerous Drugs (TDDD) license or satisfy an exemption to the requirements. A TDDD license allows a business entity to purchase and possess prescription drugs, including samples, at a specific address for distribution to patients. More information regarding Ohio's TDDD requirements and applicable exemptions is available from the Ohio Board of Pharmacy, including a guidance document titled Terminal Distributor Licensing of Prescriber Practices (www.pharmacy.ohio.gov/PrescriberTDDD). By signing below, I certify that: (1) I reviewed and acknowledge the Ohio Board of Pharmacy information regarding requirements to maintain a TDDD license; and (2) I or my practice (as applicable) may lawfully obtain, possess, and distribute the product(s) requested, and possess a valid TDDD license or satisfy an exemption to the TDDD license requirements.
